

Helping children get ready for life!

Why we exist?

Launched on February 10, 2010, the Edmonton Public Schools Foundation was created to support early learning intervention and student success. 100 per cent of the money we raise offers hope to those children considered Edmonton Public Schools' most socially vulnerable citizens – those who represent Edmonton's diverse student population and are at risk academically.

What we do?

We raise friends and funds to help subsidize the cost of full-day Kindergarten programming for those schools that reside in socially vulnerable neighbourhoods. At this time, Alberta Education provides funding for half-day Kindergarten while Edmonton Public Schools subsidizes the remainder. To date, we have raised enough money to fund and sustain full-day Kindergarten programs at six schools. Our focus is on supporting an additional nine schools that have the greatest need and serve a diverse group of children. Some are Aboriginal, some come from other countries and have limited English language skills, some live in poverty, some have learning and/or behaviour difficulties, and some have a combination of these challenges.

What we have achieved so far?

As a result of generous contributions made by staff members and the community, full-day Kindergarten programs at Beacon Heights, Calder, Lauderdale, Mee-Yah-Noh, Princeton and Tipaskan schools have become a reality! We are pleased to report that student progress in each of the classrooms has been substantial.

What are we asking?

Help our students get ready for learning, ready for growing and ready for success!
We would like you to consider supporting the work of the Edmonton Public Schools Foundation through the payroll deduction option.
